

# **Notice from Guangzhou Urban Administrative and Law Enforcement Bureau Regarding Clarifications on Matters Relating to Exemptions from Formal Approval Procedures for Disposal (Discharge) of Construction Waste for Simple and Low-Risk Construction Projects Led by Private Investment**

To all enterprises concerned:

In accordance with relevant requirements set out in the *(Trial) Implementation Opinion on Further Optimizing the Review and Approval Services for Simple and Low-risk Construction Projects Led by Private Investment* issued by the Office of the Leading Group for the Pilot Reform of Construction Project Review and Approval System in Guangzhou, the relevant issues concerning the exemption of simple and low-risk construction projects led by private investment from formal approval procedures for disposal (discharge) of construction waste are now notified as follows:

1. The management model for waste generated from renovation works in residential dwellings may be applied to simple and low-risk construction projects led by private investment, which shall then be exempted from formal approval procedures for the disposal (discharge) of urban construction waste, provided that such projects are new ordinary warehouses and workshops that are financed wholly or primarily by private enterprises, foreign enterprises or Hong Kong, Macao or Taiwan enterprises, and that have, within the boundaries of the lot, a single building area of less than 2500 square meters, a building height of no more than 24 meters, a single function and simple technical requirements, and which do not produce, store or use inflammable, volatile, toxic, harmful or dangerous goods.

2. Information on licensed construction waste transportation companies, treatment sites, and recycling enterprises in Guangzhou can be found in the “Construction Waste Management” section of the official website of the Guangzhou Urban Administrative and Law Enforcement Bureau. (URL: <http://cg.gz.gov.cn/ztl/jzfqwgl/index.html>)

The above are hereby announced.
